

The Sea

1. What do you enjoy about sea activities?

Actually, I like to spend time on the beach doing sea sports. Parasailing, scuba diving, snorkelling, water surfing, kayaking, and swimming are just a few of the water sports.

2. Would you like to live near the ocean?

Although I enjoy the ocean, I do not believe I would enjoy living near it. For one reason, places near the seaside are typically packed with vacationers. Beachgoers are always in a festive, carefree mindset. I find that occasionally entertaining, but I wouldn't want to be constantly surrounded by it.

3. What do you like about the sea?

My favourite part about the water is swimming. I enjoy the sensation of salt water and the excitement and difficulty of swimming in waves. Swimming in a pool of water is strange since it contains chlorine, and it is totally still. It is pretty dull. In contrast, the sea is natural and thrilling. It is the ideal spot for swimming.

4. Why do people like being near the ocean?

Regardless of the weather, the ocean is always quite gorgeous, which is one reason why people enjoy it. When the weather is quiet, the ocean sparkles beautifully in the light. The waves and colour of the water are spectacular during a storm. I believe that people enjoy being near the water since there are so many enjoyable activities available. You may swim, fish, sail, or simply bask in the sun.

5. How much time have you spent by the sea?

I spent a great lot of time near the water as a youngster. My family often visited the ocean each summer. We stayed for two weeks. We spent most of our time swimming in the water and playing in the sand on the beach. Some of my fondest childhood recollections are of the holidays we spent at the beach.
