

## LETTER OF RECOMMENDATION

I am writing this recommendation letter for Mr (applicant name), a student in a postgraduate program at (university name). It is a pleasure to recommend Mr (applicant name) for admission to your esteemed institution. He has completed his Masters in Mathematics with a CGPA of 7.5%. I mentored (applicant name) during his studies and have taught him subjects like Modern Algebra, Linear Algebra and Number Theory. Such experiences help me judge his mathematical skills, especially in the context of his theoretical understanding of the subject. His passion and enthusiasm for mathematics is unparalleled, striving for excellence.

(Applicant name) has always been sincere, punctual and attentive in the class and submitted all tasks timely. I'm impressed by his knowledge and curiosity to dig deep into the subject. He volunteered in departmental activities and student clubs, good at networking, empathetic and succour to others. (Applicant name) practical assignments are accurate, revealing her strong understanding of the subject and his ability to effectively deliver her concepts. With limited guidance, he is capable of designing the whole experiment. He is a well-organized student with very good communication skills.

He will take up the challenges of a doctoral degree. Hereby I strongly recommend (applicant name)'s application for the Doctoral program at your esteemed university and wish him all the best.

Sincerely,

Professor Nisha Ismail  
Mathematics Department  
College of Mathematics and Sciences
