

RECOMMENDATION LETTER

It is my immense pleasure to recommend Mr. (applicant name) to your prestigious academic institution. I have known him since the final year of B.E. I taught (applicant name) Artificial Intelligence, Machine Learning and industrial best practices. I observed his inherent urge to learn modern technologies and accumulate knowledge as much as possible. He grasps concepts quickly and tackles the problem in a very systematic way.

He takes classes seriously and reflects his dedication and hard work in exams. He's also helpful to other students and has impressed the department faculties with his consistency and devotion. He asks questions about subjects that only researchers could imagine. His approach towards assignments are meticulous and unique. He exhibits his talents only when he encounters any task or opportunity.

Besides academic excellence, (applicant name) has also been the head of the college student committee. He has continuously fostered the students' development, put forth the grievances of the pupils to the relevant authorities and brought a lasting impression among students.

He is a talented coder and has assisted some of my fellow lecturers. (Applicant name) is an active member of NCC and indulged in several extra-curricular activities. Overall, (applicant name) deserves the necessary guidance and resources of global standards. That's why I strongly recommend him to your college. I'm sure that his future is set in the right direction. If you have any doubts, feel free to contact me at (your mail ID).

Sincerely,

Professor Nitin Sobarwal
Department of Computer Science
University of Sikkim
